

TallyPrime for UAE Wholesale Distributors — E-Invoicing and Stock Management

Complete Guide for UAE Wholesale and Distribution Businesses — TallyPrime 7.0 with Native UAE Peppol E-Invoicing, Multi-Warehouse Stock Management, and Supplier/Customer Compliance

TallyPrime 7.0 is now a UAE MoF-listed e-invoicing solution with native Peppol built in — no external ASP subscription needed. For UAE wholesale and distribution businesses in Sharjah, Dubai, Abu Dhabi, Ras Al Khaimah, and Ajman, TallyPrime 7.0 combines comprehensive stock management, multi-location inventory, purchase and sales order management, UAE VAT compliance, and direct Peppol e-invoicing in one platform. This guide covers every key feature — and exactly what UAE wholesale distributors need to do before the 2027 mandatory e-invoicing deadline.

QUICK ANSWER — TALLYPRIME 7.0 FOR UAE WHOLESALE DISTRIBUTORS	
TallyPrime 7.0 MoF listing	UAE Ministry of Finance approved — native Peppol built in
External ASP needed	No — direct Peppol included in TallyPrime 7.0
Multi-location stock	Yes — multiple warehouses and godowns across UAE
Multi-currency	Yes — AED, USD, EUR, GBP and all major currencies
Batch and expiry tracking	Yes — critical for FMCG, food and pharma distributors
UAE e-invoicing deadline	1 Jan 2027 (AED 50M+) 1 Jul 2027 (all other VAT SMEs)
Locations served	Sharjah · Dubai · Abu Dhabi · Ras Al Khaimah · Ajman
Perfonec role	Authorised Silver Partner — full TallyPrime setup and e-invoicing

TallyPrime 7.0 — UAE MoF-Listed with Native Peppol Built In

TallyPrime 7.0 is listed by the UAE Ministry of Finance as an approved e-invoicing solution with native Peppol access built in. This means UAE wholesale distributors using TallyPrime 7.0 do not need a separate external ASP subscription. When a B2B invoice is confirmed in TallyPrime, the PINT AE XML is created automatically and transmitted through the UAE Peppol network to the buyer. TallyPrime consequently joins Zoho Books as one of only two major UAE accounting platforms with direct built-in Peppol.

However, TallyPrime 9, TallyPrime 4.x, and TallyERP 9 are NOT e-invoicing ready. UAE wholesale distributors on these older versions must upgrade to TallyPrime 7.0 before any e-invoicing setup can begin. Perfonec handles TallyPrime upgrades as the Authorised Silver Partner in UAE — covering data migration, configuration, and e-invoicing setup in one engagement.

Key TallyPrime Features for UAE Wholesale Distributors

Stock Management — Multi-Location and Multi-Godown
• Multiple godowns and warehouses across UAE — Sharjah, Dubai, Abu Dhabi, RAK, Ajman
• Real-time stock levels at every location — no manual count needed
• Stock transfer between locations with automatic inventory update
• Batch and lot number tracking — critical for FMCG, food and pharma distributors

• Expiry date management — automatic alerts before stock expires
• Reorder level alerts — replenishment triggered before stock runs out
• Stock ageing analysis — identify slow-moving and dead stock
• Barcode-enabled goods receipt and dispatch at each warehouse location

Purchase Management — Supplier Orders and Landed Costs
• Purchase orders raised against specific suppliers with TRN validation
• Goods receipt notes linked to purchase orders — 3-way matching
• Supplier invoice matching — purchase order, GRN, and supplier bill
• Landed costs allocation — customs, shipping, freight spread across items
• Multi-currency purchasing — AED, USD, EUR for international suppliers
• Supplier credit terms and payment schedule tracking
• Purchase order history and supplier performance reports
• All supplier invoices will arrive as Peppol e-invoices from 2027 — TallyPrime receives them

Sales Management — Orders, Delivery and Invoicing
• Sales orders with credit limit control per customer
• Delivery notes and dispatch documents from warehouse
• Sales invoices with UAE VAT at 5% applied automatically
• Multi-currency sales — invoice in AED, USD, EUR with exchange rate tracking
• Customer outstanding and ageing reports — collection follow-up
• Price lists per customer or customer group — wholesale pricing tiers
• Sales return management with credit notes
• All B2B sales invoices transmitted through UAE Peppol via TallyPrime 7.0 native Peppol

UAE VAT and Accounting
• UAE VAT at 5% on all applicable sales and purchases
• FTA-compliant tax invoices with TRN, address, and VAT breakdown
• VAT 201 return data compiled automatically from all transactions
• UAE Corporate Tax at 9% supported
• Bank reconciliation and payment tracking
• Multi-company and multi-branch accounting
• Profit and loss by branch, by product group, or company-wide
• Outstanding receivables and payables always current

UAE E-Invoicing for Wholesale Distributors — What TallyPrime 7.0 Handles

E-Invoice Type	Wholesale Distributor Scenario	TallyPrime 7.0 Action
Standard B2B sales invoice	Supplying goods to a retailer, trader, or manufacturer	PINT AE XML created and sent through Peppol automatically

E-Invoice Type	Wholesale Distributor Scenario	TallyPrime 7.0 Action
Credit note — type 381	Goods return from customer or pricing correction	Credit note type 381 with original invoice reference in BT-25
Advance payment invoice	Customer pays deposit before goods dispatch	Advance payment invoice per UAE E-Invoicing Guidelines V1.1
Zero-rated export invoice	Supplying goods to overseas buyer — export sale	VAT category Z — buyer country code not AE
Free zone invoice	Supplying to DMCC, JAFZA, IFZA, DIFC, RAKEZ buyer	Free zone beneficiary field populated
Multi-currency invoice	Invoice raised in USD or EUR to international buyer	AED equivalent amounts included per Version 1.1
Incoming supplier invoice	Receiving Peppol e-invoice from your supplier	TallyPrime receives and validates incoming PINT AE XML

TallyPrime for UAE Wholesale Distributors — By Emirate

Sharjah — UAE's Trading and Industrial Hub

Sharjah is the UAE's largest industrial and re-export hub — home to the Industrial Area, Hamriyah Free Zone, Sharjah Airport International Free Zone (SAIF Zone), and some of the UAE's largest wholesale trading clusters on Industrial Areas 1 to 18. Wholesale distributors in Sharjah typically operate across multiple godowns — often one in Sharjah and one in Dubai — making TallyPrime's multi-godown stock management particularly valuable. Furthermore, Sharjah businesses frequently import from Asia and distribute to retailers across all seven emirates. Landed cost allocation across large import shipments is consequently one of the most critical TallyPrime features for Sharjah wholesale distributors.

- Multi-godown stock — Industrial Areas, Hamriyah Free Zone, SAIF Zone
- Import landed cost allocation for Asian suppliers — clothing, electronics, food
- UAE e-invoicing setup for Sharjah VAT-registered wholesale distributors
- TallyPrime upgrade from older versions — many Sharjah businesses still on Tally 9

Dubai — UAE's Commercial and Logistics Gateway

Dubai is the UAE's primary commercial hub — home to Deira wholesale markets, Al Quoz industrial and distribution zones, Dubai Investment Park, Jebel Ali Free Zone (JAFZA), DMCC, and Dubai South. Wholesale distributors in Dubai operate at the highest invoice volumes in the UAE — making TallyPrime's Peppol e-invoicing automation particularly valuable. Furthermore, Dubai distributors frequently serve corporate clients in free zones — JAFZA, DMCC, IFZA, DIFC — where free zone beneficiary field configuration is required for every invoice. Consequently, correct PINT AE setup is more complex for Dubai distributors than any other emirate.

- Free zone invoice configuration — JAFZA, DMCC, IFZA, DIFC, Dubai South
- High-volume B2B invoice automation through TallyPrime 7.0 native Peppol
- Multi-currency invoicing — USD, EUR for international corporate clients
- Deira, Al Quoz, DIP warehouse and godown stock management

Abu Dhabi — Government and Corporate Procurement Hub

Abu Dhabi is the UAE capital and home to the largest government and quasi-government procurement spend in the UAE. Wholesale distributors supplying to Abu Dhabi government entities, ADNOC group companies, and Abu Dhabi healthcare authorities must be e-invoicing ready before the October 2027 government entity go-live deadline. Furthermore, Khalifa Industrial Zone (KIZAD) and Abu Dhabi Global Market (ADGM) add free zone invoice complexity for Abu Dhabi distributors. TallyPrime 7.0 handles all government and corporate invoice types through its native Peppol connection.

- Government entity invoice readiness — Abu Dhabi deadline October 2027
- ADGM and KIZAD free zone invoice configuration
- ADNOC group and Abu Dhabi healthcare supply chain compliance
- Musaffah industrial zone warehouse and godown stock management

Ras Al Khaimah and Ajman — Industrial and Growing Markets

Ras Al Khaimah is home to RAK Free Trade Zone (RAKEZ), RAK Ceramics, and a growing industrial and manufacturing sector. Ajman has Ajman Free Zone and a significant FMCG distribution cluster. Wholesale distributors in both emirates typically serve smaller markets but operate with the same UAE VAT and e-invoicing obligations as Dubai and Sharjah. Furthermore, RAKEZ businesses require free zone beneficiary field configuration in TallyPrime — the same as JAFZA and DMCC in Dubai. Perfonec serves wholesale distributors in RAK and Ajman with the same full TallyPrime 7.0 setup service as the larger emirates.

- RAKEZ free zone invoice configuration for Ras Al Khaimah distributors
- Ajman Free Zone and industrial area warehouse stock management
- UAE e-invoicing setup for RAK and Ajman VAT-registered distributors
- TallyPrime upgrade and e-invoicing in one engagement — Perfonec serves all emirates

UAE E-Invoicing Deadlines for Wholesale Distributors

Business Category	ASP Registration	Go-Live Date	Fines Begin
Revenue AED 50M or above	By 30 Oct 2026	1 January 2027	2 January 2027
